Friends of Rosa DeLauro filed two 48 hour notices on 7/3/02. Our FEC approved software does not support the reporting of partnership and earmarked contributions on the 48 hour notices. I attempted to augment the reports with the additional detail required by the FEC regarding partnership and earmarked contributions. Upon viewing the submission on the website of the FEC, I became aware that that feature in the software did not work. Therefore, the additional information required by the FEC is as follow: The \$1000 contribution reported from the DCCC should be a memo entry because the contribution from IAFF FirePAC was earmarked through the DCCC. ABS Partnership is a partnership. The individual contributor who should be reported as a memo entry and credited with the \$1000 contribution is Sandra Wagenfeld, 2 Judy Point Lane, Westport, CT; employer: Swing Shift; occupation: CEO. Please advise if additional information is required. Submitted by: Gaylord Bourne, Assistant Treasurer, 7/12/02
